Fire test back to Sacramento for checking

ALBANY—At the meeting last Wednesday, the Albany Civil Service Board asked William E. Haden, City Administrator, to submit the cut down version of the recent fire department examination that raised the passing number of applicants from one to six to the state issuing agency.

The test was given some time ago and resulted in only one member of the Fire Department, Capt. John E. Palmer, passing with a grade of 72 percent. The other seven who took the examination for Assistant Fire Chief and Fire Captain failed the original written test. Subsequently Haden and Fire Chief Mike Koepke deleted 34 of the original 140 questions and regraded the examination papers, giving another six passing grades of a minimum of 70 percent or better. The papers were regraded on the basis of the 106 questions that had not been eliminated from the original test.

After discussion by the four members of the Board, Jerry Corniola, chairman; Tom McQuaid, Ed Howe, vice-chairman, and Thelma Rubin, a motion was made and passed that the results of the re-grading not be accepted until the entire examination had been reviewed by the State of California Cooperative Personnel Service. Haden and Chief Koepke said they went over the questions and deleted those that did not pertain to the local department, those that had more than one correct answer and those that were of an ambiguous nature. This reduced the list of questions to 106, and gave five of the previous men who had failed the test a passing grade of 70 percent or better. Scores were improved, in several instances, by as much as 14 percent, making the men eligible to get on the list for promotion.

Board Member McQuaid asked Haden if he had contacted the State Cooperative Personnel Service, the test issuing body, and was told they had not been informed of the changes because he (Haden) did "not want to get into an argument" but McQuaid pressed for an answer from the State testing service.

"We don't want to be accused of maneuvering the scores," McQuaid said.

In defense of the revision of the test scores, Chief Koepke pointed out there was one question in the test that had four correct answers and the State would only accept one answer as the correct one. Howe said deleting 22 per-

Center to open Sunday

ALBANY — Formal dedication ceremonies will open Albany's $108,000 Senior Center Sunday at 2 p.m.

According to Emile "Bud" Rooney, the ceremonies, at 846 Masonic avenue, will be highlighted by an appearance of the Pinole Swingers, a senior group from Pinole that will give a dancing exhibition.

The colors are to be presented by Albany Post 292, American Legion Color Guard, followed by the invocation by Rev. Loren Townsend, pastor of Gracemont Baptist Church.

Various remarks and a presentation of officers of the different groups will be made, with the actual dedication speech to be given by Mayor Robert Luoma.

Following the dedication ceremonies, the center will be opened for inspection by the general public and punch, cookies and cake are to be served.

The center, in the making for the past several months, has been increased from the original 2000 square feet to an imposing 3740 square feet, complete with enlarged kitchen facilities capable of preparing 100 meals at a time, to a newly installed fireplace. Plush carpeting has been placed and the new rooms and additions painted to bright, cheerful colors.

Following a week of moving into the new facility, Albany Seniors will leave the clubhouse at Memorial Park.

Albany is one of the first cities in the Bay Area to recognize the needs of its senior citizens and the expanded Center promises to be a meeting place for organizations directed to aiding and entertaining the Senior Citizens of Albany.

District to hold Public Hearing

ALBANY — The Board of Education of the Albany Unified School District, will hold a public hearing at the regular meeting Tuesday at Marin School, Superintendent of Schools Charles E. McCully announced.

The meeting, to be called to order at 8 p.m., by Board President Ruth Ganong, is to include a discussion of the District's Affirmative Action Program and will be held in the multi-purpose room at Marin School.

The Community Concerned for Education and Justice in Albany is planning to attend the meeting, it was learned.

Council votes to uphold Commission

ALBANY — The Albany City Council, in a near record marathon session, voted to uphold the Albany Planning and Zoning Commission's decision on the Biggs Use Permit No. 525.

An appeal had been filed by Dario Meniketti asking for a denial of the permit for the erection of a 30 unit apartment house and arguing the Commission had no right to grant the use permit on property in the 800 block of Kains Avenue as it was a violation of the recently passed Measure D ordering 2 to 1 parking.

After Meniketti had harangued the audience and the Council for a good 40 minutes, the others in opposition spoke their piece and that took another three quarters of an hour. The Council was recessed at 10 p.m., for a rest from the rhetoric and it was just prior to that that Martha Hood stated she didn't think she "doesn't believe I have to listen to Dario for 25 minutes." Councilwoman Joyce Jackson blew up at that statement and said she believed Mrs. Hood was "unfair" and left the Council chamber. She returned later to continue to listen to the arguments pro and con on whether or not the Planning Commission decision to grant Eddie Biggs his permit to erect 30 units in the 800 block of Kains Avenue should be upheld. Ultimately it was, on a vote of 3 to 2, but after another hour of discussion.

Surveys as to the availability of parking came under discussion in the interim with Gary Kitagawa stating his surveys differed from those made by the City staff and the members of the Planning Commission. It was pointed out, ultimately, that at no time was there not an empty parking space in the area of Kains Avenue from Washington to Solano Avenues. Sam Dows, a member of the P and Z Commission stated he had surveyed the area extensively and found a parking space each time he made his survey. It was brought out by Hal Denham, secretary-manager of Albany Chamber of Commerce, that there were empty parking spaces still to be rented in the lot behind the theatre. He also challenged Meniketti's figures on the amount of business that would be lost in the advent of the erection of the 30 unit apartment, of which Biggs had said he would set aside 10 units for Senior Citizens.

Biggs countered with his petition to offset the petition submitted by Meniketti and Kitagawa and claimed he had the solid support of the neighborhood outside of 22 petitioners living in the 800 block of Kains. Biggs owns the properties Numbers 812, 816, 820 and 826 Kains and agreed, after much more discussion, to wait until after an election is held to decide whether or not the area should be reserved for Senior Citizens housing. He agreed, if the voters decide to pass the request to make the area Senior Citizen housing, to erect a building with 50 one-bedroom units at moderate rent.

An election is to be held in November, it is believed, or at the latest, the municipal election in April, 1980, to decide the issue. The motion to bring about the placing of an initiative was made by Vice-Mayor Lewis M. Howell after two previous motions made by Councilwoman Jackson, to deny the issuance of the permit and uphold Meniketti's appeal, and that of Councilman Louis George to uphold the Commission's decision, had died for lack of a second. After Robert Zweben, the City Attorney, had rendered a decision that the Council must act on the appeal, the motion by Howell that there was adequate parking in the area passed by a 3 to 2 vote, with Councilwoman Jackson and Councilman William Lewis voting no, the other motion by Vice-Mayor Howell that the matter of making the area available for Senior Citizen's housing be placed on the ballot passed 5 to 0. The motion to uphold the planning commission was

With the opening of the beautiful new Senior Center set for Sunday, it is hoped the "political hatchet will be buried," taking the quote of Vice-Mayor Lewis M. Howell, not in someone's head but deep, deep in the ground.

In the Mailbag section of this issue, there are a pair of letters from Carol White and Jutta Bray setting forth the accomplishments of the Center since the CETA group took over the operation from the former directors.

The letters are an answer to the harsh attack on the operation of the Center and on both the CETA people and Albany's Director of Parks and Recreation, Bud Rooney, by Jean Cramer, north county representative on the Alameda County Committee for the Aging.

They set forth the views of the Seniors they have come in contact with and the support they have received from the community.

Ms. Cramer, the president of the Seniors Club, has been accused by the letter writers of attacking the present staff at the Center in an open City Council meeting when they were not in a position to defend themselves nor to respond to the accusations that they are "lazy, incompetent and rude."

It is to the benefit of the Seniors of Albany, whether or not they are members of the Seniors Club, to get behind whomever is chosen to operate the Center and promote peace and goodwill as the oldsters now have a top notch facility and they should be able to enjoy it without all the back biting and fighting.

As your real estate broker, once you have listed your property with us, we owe you our undivided loyalty. This does not mean that we will misrepresent or try to deceive a buyer in an attempt to make a sale. It does mean that we will protect your interest at all times.

For example, if we learn that a little-known change in zoning or some unpublicized development will make your property worth far more than the price you are asking, we will tell you rather than use this information to make an easy sale and earn a quick commission. We are bound by our code of ethics to give you all the facts and aid you in adjusting your price accordingly.

Buying or selling, the best decisions are based on the best information. It costs you nothing to "Talk It Over" with us so phone us or drop in at your convenience.

Margaret F. Hritz

ALBANY — Funeral services for Mrs. Margaret F. Hritz were held Monday morning from St. Jerome's Church where a Mass of Christian Burial was said. She was the widow of John Hritz, a well-known Albany fireman who died in 1977.

A member of St. Jerome's Catholic Church, she also was a member of Catholic Daughters of America.

Mrs. Hritz is survived by four children, Mary Ann Klein of Salinas, George Hritz of San Rafael, and Patricia and Susan Hritz, both of Albany. She also leaves two sisters and one brother, Barbara Shum, Betty Novotney and Edward Woytek, all of Ohio. There are two grandchildren.

Following the services, under the direction of Ellis-Olson Mortuary, Mrs. Hritz was buried at St. Joseph's Cemetery in San Pablo.

Edna M. Schaeffer

ALBANY — Funeral services were held Monday, June 4, for Edna M. Schaeffer, a long time Albany resident. She died in a Berkeley hospital June 1 after a lengthy illness.

A member of the Albany Chapter of the American Association of Retired Persons and the El Cerrito Senior Center, she was 84 at the time of her death.

Mrs. Schaeffer is survived by two daughters, Doris S. Davidson of Aptos and Betty Ann Brownrigg of Porterville and a son, William A. Schaeffer of Sacramento. She also is survived by nine grandchildren and three great - grandchildren.

Following a Mass of Christian Burial at St. Jerome's Church in El Cerrito, burial was in St. Joseph's Cemetery, San Pablo. Ellis-Olson Mortuary was in charge of arrangements.

Mary A. Rogers

ALBANY — Funeral services were held for Mary A. Rogers, a resident of Albany since 1943, from Ellis-Olson Mortuary Monday. A native of Oakland, 86 years old, she died suddenly at her home here last Thursday.

She is survived by nieces, nephews and cousins.

The Rosary was recited Sunday evening and a Mass of Christian Burial was celebrated Monday morning at St. Ambrose Church, Berkeley. Burial followed at St. Joseph's Cemetery in San Pablo.

Nathan Fine

ALBANY — Nathan Fine, noted authority on the American labor movement and labor and farm parties, died Thursday in Albany, where he had resided for 14 years. He was 86.

Author of "Labor and Farmer Parties in the United States, 1828-1928," still widely used in courses at colleges and universities, Mr. Fine was editor of the American Labor yearbook for many years.

His interest in the labor movement was sparked by Prof. Robert F. Hoxie at the University of Chicago, from which Mr. Fine graduated in 1914. His thesis on the building trades unions of Chicago won a first prize in the under graduate economics division of a national competition sponsored by Hart, Schaffner and Marx.

After retirement from the U.S. Department of Labor, American Federation of Labor, where he was a research analyst in the unemployment insurance division, Mr. Fine and his wife, the former Emily Newhall Brown, moved to Albany. An avid tennis player, Mr. Fine played tennis regularly until the age of 80.

Survivors, in addition to his widow, include two sons, Timothy Herbert and Ned Arnold of Berkeley, and five granddaughters, Margaret, Susan, Rachel, Rebecca and Jessica.

At his request, no funeral services were held for Mr. Fine. The family suggests memorial contributions to the League of Women Voters of Berkeley.

Olympic to open Monday

ALBANY — Michelle Rocha has been named manager of the soon to be opened Olympic Savings and Loan office at 1559 Solano Avenue.

A resident of the North East Bay, Ms. Rocha lives in Richmond and is the mother of two sons, Mark and Danny. She has an abiding interest in racquet ball and is a member of the "Wallbangers" and is an active outdoors woman.

She has been in the banking and savings business for some time and started her banking career as a part-time teller for the Bank of America in Richmond. She has been an employee of Central Bank and was with Security Savings and Allstate Savings prior to coming to Olympic. She has had extensive experience in all phases of banking and worked as the coordinator of the "Tortilla Eating Contest" held at Hilltop Mall recently.

According to Olympic, the new branch is to open next Monday and will be staffed and ready for business, Ms. Rocha said.

EDITOR
Dear Sir:

Not all the arguments, pro and con, were presented at the City Council's June 4th meeting, in which Senior Center staff and funding was decided.

It appears that the Council's decision was influenced by a few emotional and ill-informed senior citizens. The majority of the seniors who attended the meeting did not represent Albany's senior population, but rather the Senior Center Club which is but one segment of the senior population who use the center's facilities and, equally important, the services which are provided by the Senior Center staff.

The Center's coordinator, Betty Mowers, and the CETA staff were present at the meeting to defend themselves, if necessary, from any further allegations of incompetence. However, the room could have been filled three times over with senior citizens ready to speak in praise of the present staff. Many of those seniors would have been the homebound, the handicapped, the less vocal and more elderly senior citizens of Albany. They are those whom we, as the Center staff, deal with on a day-to-day basis through such programs as the Nutrition Site, Meals on Wheels and Transportation programs and in the daily barrage of telephone calls for help or information. These are the people who don't make themselves or their wishes known to many, but who are known to the Senior Center staff.

I am sorry to see that the Council's decision was based on so few facts and so much emotion. I have been a CETA employee for two years: one year under the direction of a "professionally trained" director and one year under Betty Mowers' direction. I see no difference in competency to organize and direct the staff. What Betty Mowers has managed to accomplish for senior citizens while working two hours a day, with program budget cuts and an inadequate building is nothing short of incomparable. Her dedication and sincere interest in all of Albany's seniors should have been apparent to all. I can only say that those who have recently criticized Ms. Mowers and the CETA employees have done so either out of ignorance or just plain willful slander. Unlike some others, Ms. Mowers does not "toot her own horn," but anyone who really knows what is going on at the Senior Center knows how hard she has worked for Albany's seniors.

I do not begrudge the Senior Center it's "professionally trained" director. However, I do feel one individual will have a hard time replacing what CETA staff teamwork and Ms. Mowers direction has complished.

Locals win in tennis tourney

ALBANY — In the recent Winner's Circle tennis championships, Albany residents scored high and took a pair of winner's trophies, according to Andy Jong, tournament chairman.

In the women's singles, Cynthia Norman, high ranking star in Northern California ratings, emerged the champion with a 6-1, 6-4 win over Janis Ballard. She then teamed up with Jose Morales also of Albany to take the mixed doubles by scores of 7-5 and 6-2 from Reinaldo Barbero and Louise Jones.

Men's singles championship went to Jim Harper who took the measure of Stephen Bartlett, former Cal Poly star and pro at Chabot Canyon, 6-1, 6-1. The men's doubles went to Robbie Kwock and John Fry as they scored 6-3, 6-2 over Phil Degen and Jeff Mink.

The tournament was played over the past two week-ends in both local and Berkeley Courts and sponsored by Winner's Circle Tennis Shop.

Lipton tennis tourney at local courts

ALBANY — The Lipton Mixed Doubles qualifying tournament is to be held at Memorial Park June 23, according to an announcement by Jose L. Morales, a local tennis pro.

An entry fee of $4 per player is to accompany all entries, Morales said, and should be sent to him at P. O. Box 6416, Albany, prior to June 15, Friday. The deadline for entries is tomorrow night.

The winning team in the local contest is to go to San Francisco to compete in the regional tournament, Morales said. The 32 regional winners, with their spouses and local professional, will be sent, all expenses paid, to the National finals in Woodland, Texas, September 13-16.

In conjunction with the announcement, Morales, a USPTA professional, said he will have a free tennis instruction clinic for all players of all abilities during Tennis week, June 23 to July 1.

The free instruction will be held at the tennis courts in Memorial Park as part of the celebration of National Tennis Week.

865 tops league

By PHIL ALSTON

Veteran Norm Curtis raised the high series standard in the 535 Scratch Trios League at Albany Bowl another notch by firing games of 230-179-209-247 for 865 as scores improved all across the house.

John Taylor also bettered Mark Valente's previous high of 842 by tossing an 843 block that included a 241 game.

Taylor did even better in the Junior-Senior Trios, following his 203 opener with 269 and 257 for the summer's first 700 series at 729.

Taylor also contributed 687 as he and John Martin went into third place in the house eliminations of the Summer Doubles tournament with 1334.

Leading the Doubles play are Ron Irving and Cicero Johnson, whose 1433 aggregate put them well ahead of Fred Montgomery and Jim Campbell, 1385.

Other good producers in the Scratch Trios were Rod Sparks with 819, Les Riedlinger 803 and Cam Yee 800. Ian Coad had the league's best game of the week with 248 in the course of a 787 outing.

Will Warren again led Jubilee Mixed with 591, but a 564 effort by James Cooper was instrumental in helping Master Blasters move up in the standings with a 3-0 win over Team Three. In the Men's Jubilee Paul Bennett led with 233-626.

Teresa Casillas continued to sparkle in the Plaza Specials loop with 584 series, and Chester Henderson topped Social Security.

COUNCIL
(Continued from Page 1)

The request of the Airport Limousine Service to increase its fares for pickup service was filed as it is apparent the Service has no stops in Albany. The request of the Citizens Action League to solicit Albany residences was passed on a vote of 4 to 1 with Mayor Robert Luoma voting no.

The requests of Albany Post No. 292 of the American Legion for $4,000 for the Veterans Day Parade, to be held in Albany, was put off until after the budget has been decided, but the Legion was given permission to hold the Parade with the group acting as host. The issue of money is to be decided later. The request of Albany-Berkeley R.S.V.P., for $5,000 funding also was put over until after the budget has been worked out. Both requests were for money to come out of the revenue sharing funds. This brought down the wra[th of] Harry Bergondy, 911 P[...] Street, who said he [...] against the City accep[ting] the Federal Revenue S[har]ing Funds

PUBLIC NOTICE

NOTICE OF PUBLIC HEARING
NOTICE IS HEREBY GIVEN, that a public hearing will be held by the City Council of the City of Albany on Monday, June 25, 1979, at 8:00 P.M., or as soon thereafter, in the Council Chambers of City Hall, 1000 San Pablo Avenue, to hear and act upon the appeal from the decision of the Planning and Zoning Commission on Use Permit #522, V. Hailozian on behalf of T. Hedgpeth, owner of four acres between Jackson and Taft Street to construct a 50-unit condominium townhouse development. The plans are on file in the office of the City Engineer, 1000 San Pablo Avenue, Albany.

The Planning and Zoning Commission, after a public hearing held on May 22, 1979, granted Use Permit #522 by a 3-2 vote as follows:

The Commission finds that Use Permit #522 is in agreement with the outlined findings required (Sec. 403.2, Ordinance #78-07) with the following stipulations: That Use Permit #522 be granted, subject to the following conditions and that Design Review and Tentative Subdivision Map approvals also be granted:

1. Submittal and approval of the following plans:
a. Tree removal.
b. Grading plans (subject to UBC Chapter 70)
c. A detailed landscape plan, prepared by a landscape architect, and generally following the guidelines of the EIR, shall be prepared for approval by Planning and Zoning prior to occupancy.
d. Plans in both public and private improvements be approved by the City Engineer.

2. The geotechnical, storm water runoff and fire protection mitigation measures of the EIR, shall be followed.

3. Prior to development and the setting of final building outlines, each oak tree shall be assessed by a professional for vigor, aesthetic value, and potential hazard. The other mitigation measures of the EIR concerning protection of trees shall be followed.

4. The developer will offer for dedication the two lots at the end of Jackson Street. The developer shall share, with the project proponent to the south, the cost of developing a stairway/path system connecting Taft and Jackson. (The final precise location to be determined).

5. A completion bond shall be provided to insure satisfactory rehabilitation of foliage and grading should the project be interrupted.

6. In addition to Public Works Department instructions for construction site maintenance, great care will be exercised for removal of excess spoil from excavations. Dust, noise, and traffic considerations will be monitored by the developer, in cooperation with the Department of Public Works.

7. A letter will be submitted acknowledging acceptance of conditions and stipulations.

program could not have functioned over the last year, had it not been for the kind assistance of the Albany Adult School Administration and St. Alban's Church, both of whom were willing to provide office space for us free of charge. A special thanks also to Northern California Savings, whose manager so generously arranged for the printing of 2000 copies of this month's Senior News at no cost to us.

It is therefore unfortunate when the president of the Senior Citizen's Club at a public City Council meeting so vehemently and indiscriminately makes the accusation that CETA staff of the Albany Senior Center is lazy, incompetent and rude. One wonders what Jean Kramer's real motives are behind such an irresponsible and devisive course of action.

Sincerely yours,

Editor:

Dear Sir:

In "The Making of Tomorrow," the author states, "One of the most dangerous pitfalls of democracy, as a system of government and philosophy, is the tendency to degenerate from the high concept presented by the term People to the lower level of the Masses and finally, to the Mob."

We are living in a world where there is a curious reverence for the infallibility of the masses — ie., the "Free Speech Movement," the student riots of the Sixties, "People's Park," etc.

This attitude tends toward collectiveism or the tendency to integrate the individual into the complex organization of our modern industrial society in such a way as to obtain more security for the individual. Security is the keyword. It has led to protest marches, riots and undergrund terrorist groups and a loss of many social and political freedoms the individual has believed he possessed under the American "democratic" system.

This has produced a series of conflicts which have become so intertwined that it is difficult for those who live in a time of crisis to make a clear distinction between the sets of motives influencing a particular group or individual. As a result, we, the American people, have become so confused by the rhetoric of social and political reformers we have forgotten, or lost sight of, the fact that "Human Rights" of the individual, no matter how they are defined or interpreted, must, if the culture or society is to survive, be subjected to the welfare of the community.

Our present society has reached a level of affluence when the people must no longer spend the greatest part of their time in a struggle to survive so many, in order to have something to do, have turned toward social and political reform. The nation has been trying to meet the standards set by these reformers and has achieved a partial success, but at a price we are beginning to find too great for our society to afford.

The world came out of World War II beset by fears and confusion thrust upon us by the hells of Dachau and Nagasaki, the fire storms created in Germany by allied bombs and the war in the jungles. This condition was exaggerated by the "Cold War" — the irrational fear of Russia — and the Korean War. We survived these only to be thrown into a tailspin over the college riots and the Viet Nam War which blended into a culture of drugs and splinter-groups, race riots and the resulting "equal opportunity" laws which, in truth, have helped no one but have created schisms which the people will be generations in healing. This picture has been blurred further by the breakdown of our basic educational system which, together with an increase in crime, is creating, to a degree, another "Dark Age."

Use ESP to save your money and everybody's energy.

When you look for a refrigerator, look for an ESP tag. Energy-efficient refrigerators, freezers, and gas ranges have them.
ESP means Energy Savings Payback. The ESP tag shows how many dollars you'll save in operating costs over the years.
An appliance with a high ESP is especially well built. It will save energy, and lots of money on PG&E bills, over the course of its lifetime.
An appliance with a low ESP tag is just barely good enough to meet the state of California's minimum standards for energy efficiency. It may be cheaper to buy, initially. But it may cost you more in the long run.
PG&E hopes you'll use ESP and choose wisely.
Little by little we can all save a lot.

TRAVEL

Dear Friends — Well, here it is another beautiful week of June weather and smiling clients. It is hard to get down about airline groundings when surrounded by such nice people we meet every day.

My favorite aunt, Edith Scovil, is home from a Pleasant Hawaiian trip to Oahu at the Reef Hotel and Rose Boettger called to let us know that Princess Lines is filming live on the Island Princess to Alaska, scenes to be aired on the TV show "The Love Boat." Anyone who has special information on their trip for our files is especially valued.

Marie Reinhart returned from her trip to Poland, Hungary and Czechslovakia with many useful items of information. Mostly, we feel, travel in these countries is still a little difficult — handling money and changes of itinerary by the in-country tourist authorities can be irritating. Also, the visa handling is expensive and time-consuming.

We have heard from Pacific International Tours in San Francisco that there is space on the July 1 departure to China. This itinerary calls for four nights in Hong Kong, then flying to Peking and taking the train to Hangchow, Shanghai and Canton and flying out again. It allows stopovers on the Pan Am routing on the way home — Tokyo, Bangkok or Honolulu. It is just under $3000 for all land and air costs and includes all meals while in China.

We have information from Park East Tours that they have space to Africa (East Africa) "A 16-Day Deluxe Safari Adventure" for $1775 to $1875 including land and air costs out of New York. This tour company won an award from the American Society of Travel Agents. You can have an Egypt Extension for $375 on the way home. You will be able to see the game parks, the famous Tree Top Lodge and even stopover for a day or so in Rome on the way home.

We got a call the other day from two dear friends who married while we lived in Somalia (my husband and I stood in as father and mother of the bride), and Randy and Nancy tell us they are going to be offered free transportation from New York to Mogadishu for a visit to their old schools where they had been teaching by the governments of Somalia and Italy. We are working out their domestic travel so they can visit parents in St. Louis on their way to New York.

Well, that fills up the space for today and we send very best wishes.
